

A guide through the changing field of family medicine and primary care.

Modern family medicine faces a rapidly changing world. New challenges require a new vision for the future, guiding present-day practice, but also preparing tomorrow's physicians, functioning in primary care teams.

You can order a personally signed book at the discount price of €25

Book can be picked up during the EFPC conference in Porto

Family Medicine and Primary Care at the crossroads of societal change fulfils that need. Through concrete testimonies and cases, the book draws an accurate image of contemporary family medicine and primary care and provides answers to modern-day physicians' and health care professionals' most pressing questions.

- » Complete overview of relevant questions and challenges in family medicine
- » Written by the preeminent expert in family medicine and primary care in Europe
- » Theory underpinned by practical cases and visionary reflections

Jan De Maeseneer is head of the department of Family Medicine and Primary Health Care at Ghent University and Director of a World Health Organisation Collaborating Centre. He is the Chairman of the European Forum for Primary Care. He currently chairs the Expert Panel on Effective Ways of Investing in Health, advising the European Commission. In 2014-2015, he held the Francqui Chair on Primary Care at the University of Antwerp. Furthermore, he is an honorary Fellow of the Royal College of General Practitioners (London, UK).
